

Dexcom Mac Display

Hannah Adams

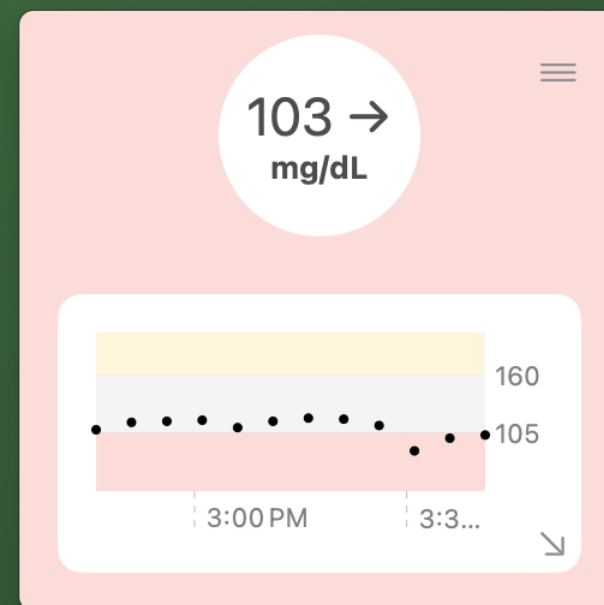

A macOS Dexcom display, with menu bar setup, graphical display of 1-3hrs of readings, and customizable high and low alerts.

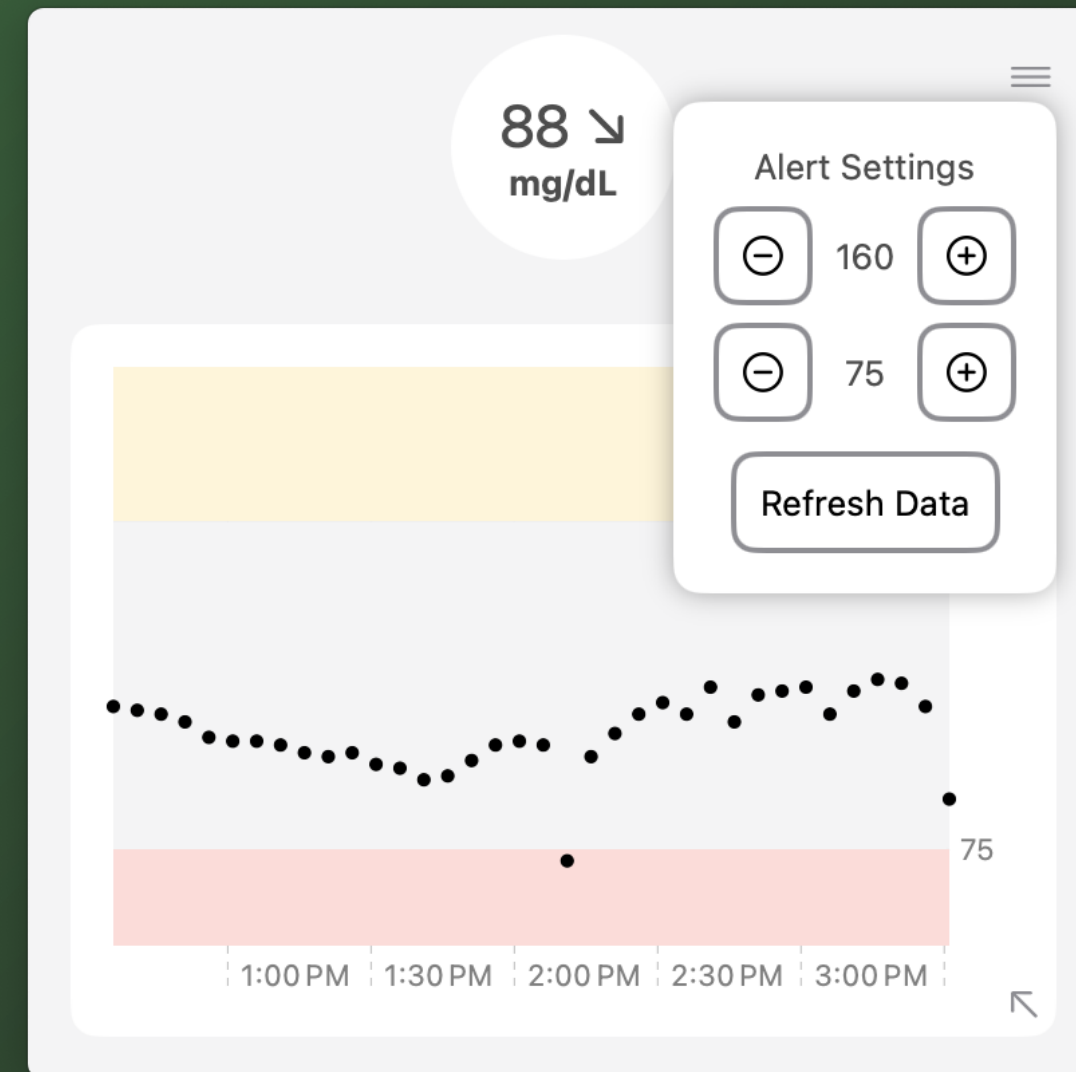

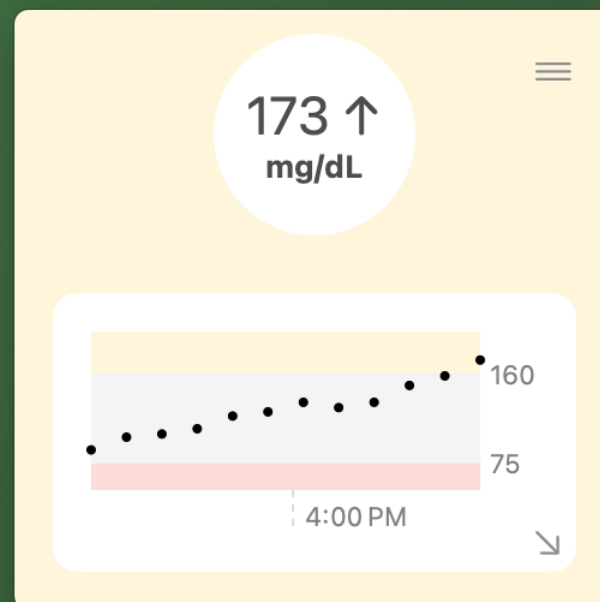

macOS App · SwiftUI · Dexcom G Series

Check your
blood sugar
trend

View 1hr or 3hr
of blood sugar
readings

Set up
custom
alerts to
stay on
track

Always know
where you're
headed without
stopping your
work
